

ME61 Mobile Computer

Setting New Standards in Enterprise Mobility — Harness Unrivaled Performance and Seamless Integration for Tomorrow's Challenges.

Introducing the ME61: heralding an era of unparalleled enterprise mobile computing, supplied and officially backed across Pakistan by Asian Computer Services (ACS). At its core, Qualcomm's octa-core prowess melds with Android 13's robustness, bolstered by Android Enterprise Recommended (AER) certifications—a testament to unmatched security and reliability. With AER, the ME61 meets the highest enterprise standards set by Google, assuring users of impeccable security, while Google Mobile Services (GMS) unlocks a suite of integral apps and enterprise APIs tailored for mission-critical operations.

At its forefront, the radiant 6.0-inch Luxibright touchscreen provides exceptional clarity, minimizing eye distractions. Dive deep into enterprise data with superlative scanning modules like Zebra SE4710 and Honeywell HS7, capturing 1D/2D barcodes with razor-sharp precision. Boasting expandable memory, it effortlessly handles voluminous data. Seamless connectivity becomes standard with high-speed WLAN, WWAN 4G LTE, and flawless roaming. Integrated with the ACS-MobilityDesk solution, the ME61 blurs the line between desktop and mobile. When precision matters, its intelligent 3D TOF camera captures package dimensions with impeccable accuracy. The ME61 is the ultimate heart of enterprise mobility.

Unparalleled Processing Power

At the heart of the ME61 lies a premium Qualcomm SM6225 octa-core processor. Powered by Qualcomm's advanced 6nm technology, the ME61 delivers unparalleled processing power and performance. With this high-performance CPU, you can experience lightning-fast computing, seamless multitasking, and smooth operation even when running resource-intensive enterprise applications. Backed by Asian Computer Services with full technical calibration for Pakistan.

Android 13 with AER and GMS + 5-Year Security Patches

The ME61 comes pre-loaded with Android 13, the latest version of the world's most popular mobile operating system. As an Android Enterprise Recommended (AER) device, the ME61 meets Google's strictest standards of security and reliability. It ensures seamless integration with corporate ERP and MDM systems, backed by regular security patches from Google for at least five years, protecting your critical enterprise assets.

Large Capacitive Touch Screen with Luxibright TechnologyACS-MobilityDesk WorkStation: The Future of Mobility

Work comfortably and efficiently on the ME61's large 6.0-inch capacitive multi-touch screen. Featuring an IPS panel and a resolution of 1080 x 2160 pixels, the screen delivers vibrant visuals and excellent clarity. The Luxibright technology allows you to adjust brightness for optimal visibility in bright sunlight or dim warehouses. Responds effortlessly to wet hands and heavy gloves.

Ultimate Data Capture Performance

The ME61 sets new standards in data capture with its range of super-productive scanning modules. Choose from Zebra SE4710, Honeywell HS7, or Newland CM60, offering unmatched 1D/2D decoding. Experience instant capture of scratched, smudged, or shrink-wrapped barcodes directly from physical labels or digital screens.

Intelligent Depth (TOF) Camera for Precise MeasurementsSeamless Connectivity: WLAN, WWAN, and WPAN

Equipped with a Time-of-Flight (TOF) 3D camera that intelligently measures package dimensions and volumetric weight. Invaluable for express courier services, freight logistics, and automated parcel audits.

Step into the future with the ACS-MobilityDesk WorkStation. Connect the ME61 to the universal docking cradle and any HDMI monitor to instantly transform any desk into a high-performance workstation without needing a standard PC. Gain direct access to corporate ERP software (SAP, Oracle), RDP remote sessions, and web applications. Supports desktop label printers, barcode scanners, cash drawers, and external monitors seamlessly.

High-Quality Cameras for Enhanced Data Collection

Capture high-resolution evidence and documentation with the ME61's 16MP PDAF autofocus rear camera and 8MP front camera. Features torch mode and flash mode for low-light environments, enabling proof of delivery and video collaboration.

Supports dual-band 802.11ac Wi-Fi with seamless fast roaming (802.11r/k/v), WWAN 4G LTE with dual SIM / eSIM capability, and Bluetooth 5.1 BLE for ring scanners, mobile printers, and headsets.

Expandability and Extended Memory

Offers base configurations of 4GB LPDDR4 RAM + 64GB UFS storage, expandable up to 6GB RAM + 128GB ROM, with MicroSD support up to 256GB. Effortlessly caches offline field databases and catalogs.

Durability and Extreme Industrial Protection

Built to withstand harsh environments with IP67 water and dust sealing and 1.5m drops to concrete across operating temperatures. Corning Gorilla Glass III provides ultimate scratch resistance.

Extended 5000mAh Battery & True Hot Swap Mode

Equipped with a 5000mAh main battery with Quick Charge 3.0 (100% charge in ~4 hours). Built-in 50mAh backup battery provides over 10 minutes of hot-swap buffer, allowing battery replacement without shutting down active apps or losing warehouse data.

ACS Enterprise MDM System & Fleet Management

Centralized mobile device management powered by ACS. Remotely configure, update, lockdown (kiosk mode), and monitor devices across nationwide distribution networks with live telemetry.

ACS OmniSoftware Suite & GuardForce Android

Guarantees verified boot, secure firmware distribution, and custom application whitelisting. Keeps enterprise data protected against unauthorized access and unauthorized software installations.

ACS OmniIndustry Apps Suite

Turnkey modules for retail inventory, parcel dispatch, warehouse picking, route accounting, and meter reading tailored for Pakistani commercial and utility enterprises.

Unrivalled Warranty and Support in Pakistan

Procuring the ME61 from Asian Computer Services (ACS) provides industry-leading peace of mind. Every unit is covered by our comprehensive 12-month hardware warranty with official support directly from our Lahore Technical Support & Repair Center. Our certified engineers provide component-level repairs, original spare parts inventory (batteries, scan engines, touch digitizers, motherboards), firmware updates, and rapid turnaround SLA contracts for uninterrupted commercial operations.

ASIAN COMPUTER SERVICES — OFFICIAL SLA & REPAIR ADVANTAGES:

- 100% Genuine OEM Replacement Components in Lahore Stock
- 24-48 Hour Rapid Turnaround Repair SLAs for Logistics & Enterprise Fleets
- Standby / Loaner Device Program to eliminate downtime during maintenance
- Official GST & NTN Sales Tax Invoices with Corporate Audit Compliance
- Nationwide technical dispatch covering Lahore, Karachi, Islamabad, Faisalabad, Multan & Peshawar

Sustainability Meets Regulatory Excellence

The ME61 embodies responsible innovation and environmental compliance. Adhering to the RoHS Directive 2011/65/EU and its 2015/863 amendment, the device guarantees electronic components are free of hazardous substances. Fully compliant with EN IEC 63000:2018 technical standards, ensuring both user safety and minimal ecological footprint throughout its lifecycle.

Physical Characteristics & Technical Specifications

Dimensions	167.0 x 78.5 x 14.2 mm (6.57 x 3.09 x 0.56 in)
Weight	287.7g / 10.15 oz (with battery & TOF camera) / 187.7g (without battery)
Display	6.0 inch IPS Full HD+, 1080 x 2160 pixels, 450 NIT brightness, Luxibright
Display Protection	Corning Gorilla Glass III (1.1mm thickness), scratch & impact resistant
Scanner Protection	Reinforced monolithic protective frame around scanner window
Touch Panel	Multi-mode capacitive touch, wet hand & heavy glove operation
Main Battery	High capacity 5000 mAh Li-ion, Quick Charge QC 3.0 (~4 hrs to full)
Hot Swap Battery	50 mAh backup battery provides 10+ mins power during hot battery swap
Memory Options	4GB LPDDR4 + 64GB UFS / 6GB LPDDR4 + 128GB UFS
Storage Expansion	MicroSD slot x1, supports up to 256GB
SIM Configuration	Option 1: Dual Nano-SIM Option 2: Nano-SIM + eSIM + MicroSD
Network & IO	WLAN (Wi-Fi), WWAN 4G LTE, WPAN Bluetooth 5.1, USB 2.0 Type-C OTG + 6 Pogo Pin
Notifications	Audible ring tone, 3-color status LED (Red/Green/Blue), haptic vibration
Keypad & Buttons	On-screen keypad, dedicated Left/Right Scan triggers, volume +/-, power key
Voice and Audio	Dual noise-cancelling mics, 1.5W loudspeaker, Type-C audio headset support
Recommended Services	ACS EasyPRO Service+ / Asian Computer Services 1-Year Local SLA Warranty

User Environment, Sensors & Data Capture Architecture

Operating Temperature	-20°C to 60°C (-4°F to 140°F)
Storage Temperature	-30°C to 70°C (-22°F to 158°F)
Humidity	5% to 95% non-condensing
Sealing Rating	IP67 certified waterproof, dust-tight, immersion resistant
Drop Test	5 ft. / 1.5 m multiple drops to concrete across full operating temp
Tumble Test	1,000 hits at 1.6 ft. / 0.5 m tumble drum test certified
Vibration	10,000 rpm minimum, MIL-STD vibration profile compliant
Thermal Shock	-35°C to 75°C rapid thermal transition cycle
Electrostatic Discharge (ESD)	±15 kV air discharge, ±8 kV direct contact discharge
Sensors Included	Light Sensor, Proximity, eCompass, 3-Axis Accelerometer, Gyro, HALL
Barcode Scanning	Zebra SE4710 / Honeywell HS7 / Newland CM60 (1D/2D PRZM imager)
Camera Modules	Rear: 16MP PDAF with Flash/Torch Front: 8MP 3D TOF Depth Camera
NFC Capabilities	ISO 14443 Type A/B, FeliCa, ISO 15693, P2P & Host Card Emulation (HCE)
Google Certifications	Android Enterprise Recommended (AER) & Google Mobile Services (GMS)

GLOBAL STANDARDS & CERTIFICATIONS:

UN38.3 · CE · FCC · RoHS Compliant · IEC 60950 / 62368 · MSDS Certified Battery · Google AER

Wireless Communications, Accessories & Ecosystem

Cellular Standards (WWAN)	4G LTE (FDD/TDD), WCDMA 3G, GSM 2G (B1/B2/B3/B4/B5/B7/B8/B20/B28/B66)
Geolocation / GNSS	GPS, A-GPS, GLONASS, Galileo, BeiDou navigation engine
WLAN Radio (Wi-Fi)	IEEE 802.11a/b/g/n/ac/d/e/h/i/k/r/v/w, 2.4 GHz & 5 GHz Dual-Band
Data Rates & Roaming	Up to 433 Mbps (802.11ac); Fast Roaming (802.11r, PMKID caching)
Wi-Fi Security Protocols	WPA/WPA2-PSK (TKIP/AES), WPA3, EAP-TLS, EAP-TTLS, PEAP-MSCHAPv2
Bluetooth (WPAN)	Bluetooth 5.1 + BR/EDR + BLE (Profiles: HFP, PBAP, A2DP, AVRCP, SPP, GATT)
Standard Included Accessories	18W Fast Charger, 5000mAh Battery, USB Type-C Cable, Hand Strap, Screen Guard
Optional ACS Accessories	ACS-MobilityDesk HDMI Workstation Dock, Single-slot USB Sync Cradle, Multi-slot Dock, Pistol Grip Trigger, Rugged P
MDM & Software Compatibility	SOTI MobiControl, Microsoft Intune, Ivanti Avalanche, 42Gears, Shadowwalk

ACS-MobilityDesk Workspace & Complete Enterprise Integration

Discover the future with ACS-MobilityDesk, where enterprise operations transcend physical PC boundaries. Powered by the ME61, it transforms any desk space into an advanced computing workstation, sidestepping the costs and maintenance of traditional desktop PCs. Enjoy seamless RDP connections, SAP/Oracle ERP access, and direct printing on desktop label printers. Connect barcode scanners, cash drawers, and external monitors effortlessly to handle store inventory, billing, dispatch, and quality control.
